**\*Cost** - Free Conferencing Corporation's free conferencing and voice messaging services provide a toll dial in number and each caller is responsible for any long distance charges if applicable. Our toll-free services provide a toll-free (800) dial in number and the account holder pays for each caller of 3.9¢ per minute.

**\*Web Controls** - Our advanced free and toll-free conferencing services provide free web-based features for pre, live and post conference call management.

**\*Account Management Tools** - Our management tools allow each subscriber to login online to update account information, access dial in credentials, call detail reports, billing statements and listen, download, or podcast recordings.
